
Co. Roscommon Early Years Health and Well-being Plan - Mapping of Services Survey

Roscommon Children and Young People's Services Committee as part of its Action Plan identified a focus on Healthy and Active 0 – 3's as one of its priorities between 2015 and 2018. As part of its 2015 - 2016 work plan a subgroup was set up to address this aim, consisting of personnel from the Health Service Executive, Tulsa Child and Family Agency, Roscommon Child Care Committee, Roscommon Leader Partnership, Boyle Family Resource Centre and Athlone Institute of Technology. One of the first steps in this process is to complete a mapping of services survey. We would therefore be grateful if you could complete this survey which should take 15 minutes approximately. Your responses to this survey will remain confidential and anonymous. Thank you for your participation!
