A National Student and Researcher (NSR) Helpdesk was established on 4 May 2022. Displaced Ukrainian students and researchers wishing to continue their education in Ireland can contact this central helpdesk established by the government.

The helpdesk will direct students to third-level institutions or researcher positions that meet their educational needs. It is staffed by admissions experts and research advisors.

The Minister for Further and Higher Education, Research, Innovation and Science Simon Harris TD has announced a range of new measures to provide access to further and higher-level education for the academic year 2022/2023 to displaced Ukrainian students living in Ireland.

The measure will ensure displaced Ukrainians will be treated as European students and will not be subjected to international fees.

The national Erasmus grant allocation will also be used to fund financial supports for qualified persons who undertake full-time studies in Higher Education Institutions, as well as displaced academic staff.

Displaced Ukrainian students will also be eligible to access the Springboard+ programme [HEA - Springboard+ \(springboardcourses.ie\)](http://springboardcourses.ie) and Post Leaving Cert Courses (PLC).

## What supports are available to minors arriving in Ireland under the EU Temporary Protection Directive?

The Child and Family Agency (TUSLA), has statutory responsibility for the care of any unaccompanied children (minors) in the State. TUSLA have advised that where there is a private arrangement for the child's care, they assess the arrangement. Where TUSLA finds that this arrangement satisfies their criteria in relation to the care and safety of the child, there is no further involvement from a financial support perspective provided from TUSLA.

Children in such placements, including those availing of the Temporary Protection Directive and those that are not deemed to be a qualified child for the purpose of primary scheme payments, may have an entitlement to other supports from the Department of Social Protection.

An Officer administering SWA may provide support by way of an Other Supplement to that child. Payment amounts in these cases would be at the age-appropriate Increase for a Qualified Child rate of €40 per week for a child under 12 years or €48 per week for a child over 12 years. This payment which is means tested and examines the means, if any, of the child, can be nominated to the adult who has the care of the child. Applications can be made with the community welfare service at local Intreo Offices.

## Why are people with Temporary Protection and receiving a Jobseekers payment being asked to attend their local Intreo or Branch Office?

Persons covered by the Temporary Protection Directive, in receipt of a Jobseekers payment and are fully unemployed are being invited into their local Intreo or Branch Office to confirm their ongoing eligibility to their Jobseekers payment. The eligibility criteria for a Jobseekers payment are available online at [www.gov.ie/deasp](http://www.gov.ie/deasp). Select 'Social Welfare Schemes and Services' and follow the links.

To continue to be eligible to receive Jobseekers Allowance a person must:

- be fully or partly unemployed (at least 4 days out of work in every 7)

People will receive a letter inviting them to attend their local Intreo or Branch office. The invitation will provide a date and time to attend. A 'Jobseekers Allowance – Confirmation of Ongoing Eligibility Declaration' form will be included with the invitation (English (on front) & Ukrainian (on the back)). People should complete the form and bring it with them to their appointment.

It is essential that customers attend this appointment. If a customer fails to attend as requested, their payment may be suspended and subsequently closed. Customers are asked to bring the following items with them when they attend:

## What can I do to help?

You have a key role to play in supporting people when they arrive at their new accommodation and helping them to settle into our communities. In relation to Social Protection entitlements, it would be most helpful if:

- Where people are unsure about what to do next, you explain the information outlined in our newsletters
- And support people through the steps if needed
