

Information Pack for Families from Ukraine HSE Disability Services

1.0 Introduction:

The European Union has put in place a temporary protection Directive to allow Ukrainian citizens and others fleeing Ukraine access to a wide range of supports including supports for adults and children with disabilities. The HSE Disabilities (Community Operations) Service is signposting people covered by this Directive who are fleeing Ukraine and who arrive in Ireland, where they have family members with disabilities. A disability may mean that a family member has any of the following issues (this list is not exhaustive):

- An intellectual disability
- Is on the autism spectrum
- Has difficulty with sight (blind or visually impaired)
- Has difficulty hearing
- Has difficulty walking
- Has difficulty feeding or dressing

This information pack is to help you to identify where you can get information on accessing supports and services for people with disabilities in Ireland. **NOTE** – there are existing waiting lists for some of these support services, and once you have registered your needs, you will be added to the relevant list.

2.0 Disability Services - Community and Social Care:

<https://www.hse.ie/eng/services/list/4/disability/>

The HSE provides and funds a range of services for people with disabilities and their carers. These services include basic health services as well as assessment, rehabilitation, income maintenance, community care and residential care respite, home care and daycare.

Some services are provided directly by the HSE. Community, residential and rehabilitative training services are provided by voluntary organisations with grant aid from the HSE. People with disabilities are entitled to general health services. These services may include medical cards, prescribed medicines, medical and surgical aids and appliances, hospital services, dental, optical and aural services.

People with disabilities are entitled to avail of the range of community care services. In many cases, they have priority in access to the services. The relevant community care services may include public health nurse (PHN), home help, personal assistance, psychological services, speech and language therapy, occupational therapy, social work services, physiotherapy, daycare and respite.

If you are a family carer:

A family carer is described as someone who is providing an ongoing significant level of care to a person who is in need of care in the home due to illness or disability or frailty. The care that family and

other carers provide involves looking after the needs of people with a wide range of dependencies across all age groups.

If you are caring for a person with a disability you can find out more about being a [carer and the supports available](#).

3.0 Where to access information:

1. Children with Disabilities

Children's Disability Network Teams are for children aged from birth to 18 years who have complex needs, and their families. A child has complex needs if they have a range of difficulties which need the support of a team of professionals who work very closely together. There is a Children's Disability Network Teams for every part of the country. [Find your local Children's Disability Network Team](#)

- The most up to date information on Children's' Disability Network Teams (CDNTs) and contact details is our web directory which lists them by county. It can be found here <https://www2.hse.ie/services/disability-support-and-services/childrens-disability-services/find-a-childrens-disability-service.html>
- Tusla website. www.tusla.ie.

2. Special Needs Education

- Resources to support children and young people <https://krisepsykologi.no/war-in-ukraine-what-do-we-tell-the-children/>

3. Adults with Disabilities

a. Day Service for Adults

<https://www.hse.ie/eng/services/list/4/disability/newdirections/>

Adult day services are HSE funded programmes to provide day services supports to people age 18 and over, with intellectual disabilities, autism, or people with complex physical disabilities. The programmes assist people to make choices and plans and to be an active, independent member of the community.

Referrals for adult day services should be sent to the local HSE disability day service office, details are set out below.
