

Have Your Say! A Survey on Music Education Opportunities for Children and Young People in Fingal.

Fingal County Council, in partnership with the Dublin and Dún Laoghaire Education and Training Board, invite you to complete a survey that will help us understand your views regarding access to performance music education for children and young people in the county.

This research will support a submission to Music Generation, the national performance music education programme, to extend and enrich the partners' commitment to children & young people in Fingal.

Your views are important to this process and will enable the partners to develop and deliver music education programmes that suit the needs of those aged 0 – 18 years, now and into the future.

There are three surveys to choose from:

We invite **Children & Young People** to complete this survey:
