IPAS

Most displaced Ukrainians are accommodated through IPAS (International Protection Accommodation Service). When they arrive at a port of entry, they inform immigration officials that they need a place to stay. IPAS accommodation is free of charge and includes different types of accommodation. This may be accommodated in a hotel, guest house or another type of State-owned or private accommodation including property pledged by members of the public. For a list of current known accommodation in Limerick, see the list below.

If a displaced Ukrainian wishes to make a complaint to IPAS, you can direct them [here](#).

Some displaced Ukrainians will have accommodation pre-arranged when they arrive in Ireland. If this accommodation falls through they can e-mail the International Protection Accommodation Service (IPAS) at ipasinbox@equality.gov.ie or visit a Ukraine Support Centre.

There is a Limerick-based Ukraine Support Centre: Dominick Street, Limerick, V94 X327.

Current IPAS Accommodation Locations

Displaced Ukrainians are being accommodated in Emergency Rest Centres and Hotels across Limerick. This list changes on a weekly basis.

Pledging Accommodation

They will match the accommodation offered with someone who has just arrived in Ireland. See '[I want to help](#)' below or find out how to [pledge accommodation on the Irish Red Cross's website](#).

Health

The HSE Public Health Nursing Service is completing Basic Health Needs assessment in each of the congregated settings to identify if there are babies, older persons or other vulnerable people who need priority access to healthcare.

They are currently providing support in congregated settings for displaced Ukrainians to fill out their medical card forms and forwarding same to Primary Care Reimbursement Service (PCRS) for processing. The turn around time for a medical card to be processed is currently 24-48 hours once PCRS receive a correctly completed application form.

There is an Emergency Medical Card available specially to facilitate emergency access to GP, Out of Hours GP service, and dispensing of prescription for newly arrived Ukrainians. GPs and community pharmacies have been advised of this. People can access the following services with their medical card:

- **Family doctors/GPs** (general practitioners)
- **Public Health Nurses** / Community Registered General Nurses in local health centres
- **Primary Care Services** - for example, physiotherapy, speech therapy, dietician etc.

- **Disability services**
- **Pregnancy services**, initially with GP, then referred to University Maternity Hospital, phone 061-483129

- **Dental services for Adults**: HSE Dental service does not offer any treatment to adult (16 or over) medical card holders. An eligible medical card holder can get relief of dental pain by attending a contracted dental surgeon in the private sector; contracted to provide Dental Treatment Services Scheme (DTSS) provisions. There is a difficulty in finding a DTSS dental surgeon who will take on new patients but a medical card holder can attend any DTSS dentist in any part of the country. The medical card holder has to make an appointment themselves and will be asked to show their medical card, which of course will have their PPSN. There are dental practices throughout the Mid-West operating this scheme.
- **Hospital or emergency services**, if you have no medical card there is a fee of €75

The Irish licence will allow you to drive a car in Ireland for up to one year. In Ireland we drive on the left-hand side of the road and you must have motor insurance and tax to drive on Irish roads. Insurance will protect you against liability in the event of an accident. When you buy a motor insurance policy you will get an insurance disc and a certificate of insurance. The Motor (Transport) Insurance Bureau of Ukraine have prepared a list of Ukrainian Insurance Providers that allows Ukrainian Refugees to renew their Motor Third Party Liability (MTPL) Insurance Policies online. In addition to the MTPL policy these Insurance Providers will reissue an International Motor Insurance Card (IMIC) /Green Card to the driver/owner that permits the vehicle to continue circulating within the Green Card System countries. This information is available on the The Motor (Transport) Insurance Bureau of Ukraine website: <http://www.mtsbu.ua>. The Road Safety Authority has developed helpful advice for Ukrainian drivers on its website: <https://www.rsa.ie/services/alerts/advice-for-ukrainian-drivers>. Section 23 of the Child Care Act as amended by the Children Act 2001

What is Section 23?

Where any child under 18 years is being cared for in a private arrangement by an adult who is not a parent, guardian or relative to that child, the adult has a statutory duty to notify Tusla, The Child and Family Agency. Once Tusla has been notified of this arrangement, it allows for investigation under Section 23.

Tusla must be notified of any private foster care arrangement no less than 30 days in advance of the placement, or in the case of an emergency, not more than 14 days after the placement.

Section 23 (O) states:

'private foster care arrangement' means any arrangement or undertaking whereby a child is for more than 14 days in the full-time care, for reward or otherwise, of a person other than his or her parent or guardian, a person cohabiting with a parent or guardian or a relative,'

And

'relative', in relation to a child, means a grandparent, brother, sister, uncle or aunt, whether of the whole blood, half blood or by affinity, and includes the spouse of any such person and any person cohabiting with any such person.'

What to do if you become aware of a S23 arrangement:

1) If the carer has not already notified Tusla, when a service becomes aware of a S23 arrangement as provided for by the legislation – a child in the care of a person who is not a parent, guardian or relative as outlined above – a referral to the social work department through the Child protection and Welfare Referral portal should be made:

<https://www.tusla.ie/children-first/web-portal/>.

2) The adult providing care to the child should be advised that the service will be contacting Tusla to inform them of the arrangement. The service should provide contact details of the local social work dedicated contact point, so that the adult providing care can make contact if any concerns arise in the arrangement.

Department of Social Protection

Department of Social Protection supports for those arriving from Ukraine under the EU Temporary Protection Directive

Introduction

The European Union has put in place a temporary protection Directive to allow Ukrainian citizens and others fleeing Ukraine access to a wide range of supports including social welfare income supports. The Department of Social Protection is providing support and services to assist people covered by this Directive who are fleeing Ukraine and who arrive in Ireland. The Department has published information on gov.ie in both Ukrainian and Russian and interpretive services are available in all our Reception Centres and Offices.

What happens when people arrive in the country

The majority of people arriving under the Temporary Protection Directive come through Dublin Airport and are allocated their PPSN and have their income support claim processing (if they wish to claim income support) started on foot of their engagement with the Dublin Airport Reception Centre. The remaining 10% are dealt with via the Department of Social Protection's dedicated Ukraine Support Centres, local Intreo Centres or Branch Offices who provide assistance in completing the necessary forms to apply for a PPSN and income supports.

How does the person get their income support payment?

The Department have put measures in place to fast track the processing of applications for income support. The information on the TPU1 form is used to process applications as quickly as possible. Where a person has been awarded income support the Department will contact them by phone or email to let them know where and when their payment is available for collection. The person will need to bring their PPSN Award Letter and their proof of identification with them to the Post Office to collect their payment.

What happens if the person moves address?

If the person moves address, they must attend their local Intreo Office or one of the dedicated Ukraine Support Centres in Dublin, Limerick or Cork to notify them of their new address as soon as possible

To find their local Intreo Office they should visit www.gov.ie. The dedicated Ukraine Support Centres are located in:

- Cork - Cork City PSC and PPSN Centre, Department of Social Protection, Hanover Street, Cork, T12 PX62
- Dublin - Guild Building, Cork Street, Dublin 8, D08 XH90
- Limerick - Dominick Street, Limerick, V94 X327

The Department will then update their address and change their payment to their new local Post Office.

What happens if the person starts work?

If the person starts work, they must let the Department know as soon as possible. To do this they need to go to their local Intreo Office or one of the dedicated Ukraine Support Centres in Dublin, Limerick or Cork. They may still be entitled to some income supports while in work. Department staff will be able to advise the person of their continued entitlement to income supports, if any, and support them to apply for an appropriate payment.

The purpose of the initial engagement is to:

1. Engage with the person in terms of the person's proficiency in English, their qualifications, employment history and employment preference.
2. Provide information on employment opportunities – via jobsireland.ie and with 'jobs walls' advertising local vacancies. Local employers who have indicated an interest in recruiting Ukrainians are being informed of events – where they cannot be facilitated to attend, Employment Services staff promote their vacancies on the day.
3. Provide information on the implications of taking up fulltime or part-time employment on their income support payments.
4. Assist them to apply for other social welfare payments where appropriate.

Employment

Employment Services are available through the network of Intreo Centres and www.jobsireland.ie to assist those arriving from Ukraine as they seek employment in the Irish labour market.

A dedicated section on www.jobsireland.ie, has been developed to provide information on employment supports and opportunities for newly arrived Ukrainians. This is available in Ukrainian and Russian.

Employers across all sectors who wish to support Ukrainians through provision of employment opportunities, are advised to register on www.jobsireland.ie to advertise vacancies. This will enable Intreo Employment Services Officers to match the skills of those seeking employment with available work opportunities. Ukrainians seeking employment can also access the service directly to upload details of their skills and experience for matching with available employment opportunities.

Employment Services Officers are engaging with people on an outreach basis in central locations, including hotels or by inviting them into Intreo Centres.

If someone would like an employment caseworker to help them in their job search, they can request a meeting with a case worker at the Intreo centre in Dominic Street. Email activationlimerick@welfare.ie
