BOOKS

SONGS AND NURSERY RHYMES

PLAY WITH CAREGIVER

Use the language you feel most comfortable with when talking together.

- Sit face to face and **watch, wait and listen** to see what your child is interested in.
- Join in the play – **copy** what your child does. **Delight** in them and have **fun!**
- **Talk** with your child about what they are looking at and doing.
- **Speak slowly** and repeat – your child's brain needs time to learn new things.
- Use **different** types of words, e.g. feelings, describing words, actions.
- Teach your toddler to love **books** – turn the pages and talk about the pictures.
- **Sing** songs and nursery rhymes together.
- **Remember** - There's no right or wrong way to play!
